COUPÉ & ROADSTER

EXIGE 350 SPORT

Raw performance, agility, unparalleled ride and handling. These are attributes that people have come to expect from Lotus - and the new Lotus Exige Sport 350 is no exception.

The Lotus Exige Sport 350 is the pinnacle of Exige driving for motoring aficionados looking for high performance, agility, dynamic handling and an exhilarating driving experience.

Lighter and faster than before - now with revised bodywork, 51kg lighter construction, revised suspension and increased levels of grip, this Exige Sport 350 is a full 2.5 seconds faster than the Exige S around our famous Hethel circuit.

The Roadster derivative of the iconic Lotus Exige Sport 350 is lighter and faster than ever before, thanks to a 10kg weight drop, compared to its coupé sibling.

The improved styling package includes our new optional Heritage Tartan interior, and new gearshift mechanism with exposed design, which combine to deliver a purer sportscar driving experience. The lightweight louvered tailgate completes the dynamic sport styling.

A superior car for both track and road. The Lotus Exige Sport 350 Roadster delivers even more focussed performance, staying true to Lotus pure, lightweight traditions.
